For Immediate Release

AEM Makes a Donation of S\$30,000 to the Courage Fund under National Council of Social Service

Singapore, 19 April 2020 – AEM Holdings Ltd (“AEM” or “the Company”), a global leader offering application specific-intelligent system test and handling solutions for semiconductor and electronics companies serving advanced computing, 5G, and AI markets, announced that it has made a donation of S\$30,000 to the Courage Fund under Community Chest, the fundraising and engagement arm of the National Council of Social Service (NCSS).

The Courage Fund will benefit a group of people affected by the COVID-19, including dependents of victims who succumb to COVID-19, individuals who have contracted COVID-19 in their line of duty, and lower-income households who run into financial difficulty due to COVID-19 related reasons.

Commenting on the thoughts behind the donation, Mr. Loke Wai San, Executive Chairman of AEM said, “Our hearts go out to the COVID-19 patients, and vulnerable individuals and families whose livelihoods have been impacted by the pandemic. We are also deeply appreciative of the healthcare professionals’ dedication to safe guarding our health in this very challenging period. AEM shares NCSS’ sense of social responsibility, and we hope that our small contribution will send some relief to the needy who may require additional support beyond what the government and social service agencies have provided.”
