The Company is pleased to announce that as at 1 April 2018, it has received sales orders worth S\$192 million for delivery in FY2018. This represents an increase of S\$77 million in sales orders received over the previous sales order received announcement made by the Company on 1 February 2018. In comparison and as a reference, the Company announced sales orders worth S\$148 million on 1 April 2017 for delivery in FY2017.

Our profit guidance for FY2018 remains unchanged from the guidance provided on 22 January 2018 of at least S\$255 million in sales and S\$42 million in operating profit before tax. As our test handler platform reaches wider implementation at our customer’s sites, we expect seasonality in our sales with peak quarters in Q2 and Q3. We currently have limited visibility for 4Q2018 as a result of shorter order lead times provided by our customers.
