Singapore, 4 March 2018 – AEM Holdings Ltd (“AEM” or “the Group”), a global provider of equipment systems solutions and manufacturing services, is pleased to announce that several long-only institutional and family funds have bought AEM shares and have become new shareholders. The institutional and family funds took up 4 million shares at \$6.10 a share from Orion Phoenix on 2 March 2018. As a result of the shares sale, Orion Phoenix's shareholding was reduced by approximately 6.0% of AEM's issued and paid up shares to 17.3%.

Mr Loke Wai San, the Group's Executive Chairman, commented, “We welcome a stronger and wider institutional shareholding support for AEM as this can bring higher levels of scrutiny and demand for management accountability. This is a positive step in our longer-term goal to create higher value for shareholders through profit growth. We will continue to step up our investor relations efforts to educate the investment community on AEM's investment merits and the company's growth potential to attract more institutional investors.”
